

## **St Peter Catholic School COVID Policy - Athletics**

- During the weeks of January 3 and January 10, masks will be required for everyone in the building. The one exception is for players while on the court during game time. For those players, masks are recommended.
- Social distancing is encouraged.
- Parents are to Monitor the health of their children each day and keep them home when they display symptoms of illness. Per the Minnesota Department of Health (MDH): Symptoms of COVID19 include: fever, cough, shortness of breath, chills, headache, muscle pain, sore throat, fatigue, congestion or runny nose, loss of taste or smell. [Information about symptoms of COVID-19 is available at this link.](#)
- If a positive COVID test results, then we require that the child may not return to school-sponsored activities until that child is no longer contagious.  
This means:
  - Once it has been at least 10 days since the child first felt sick or tested positive for COVID-19; and
  - Once the cough, shortness of breath, or other symptoms have substantially improved; and
  - Once the child has had no fever for at least 24 hours, without using fever-reducing medicine.
