

**N**ATIVITY OF OUR LORD  
CATHOLIC SCHOOL

**Nativity COVID19 Policy,**

Nativity of Our Lord School will begin the 2021/2022 academic year with a mask requirement for all students, teachers, staff, and parents while in the school building, regardless of vaccination status. This includes all players, coaches, referees and guests of visiting teams who are playing/participating in games held at Nativity school. This is in response to the COVID19 delta variant which is far more transmissible, particularly among children who are not able to be vaccinated at this time. Masks will not be required when the students are outdoors, in keeping with current guidelines. We plan to reevaluate the plan in early October.

\*\*\*\*\* Disposable masks will be provided at the front doors for those guests who do not have a mask.

Please do your part to keep everyone safe. Thank you in advance for your mindfulness to our school rules. God Bless.
