

# COVID-19 Preparedness Plan 2021

## Preparedness Plan

*Athletic associations using Little Canada fields/facilities will be required to submit a COVID-19 operations plan before field and facility use is allowed.*

*Plans will be reviewed by the City of Little Canada - Parks and Recreation Department for general compliance with Federal, State, and local guidelines applicable to the type of organization submitting a plan and with consideration for City-supported facilities and maintenance.*

Approximate Number of Teams	2
Approximate Number of Total Players	max 12 at a time
Approximate Number of Attendees	max 15 at a time

---

(Section Break)

---

1. Social Distancing: How will you manage in reference to the current CDC and MDH guidelines?	Players will maintain 6 feet distance. When not actively exercising, they will maintain masks.
---	--

---

<p>2. Plan to manage group size: How will you manage in reference to the current CDC and MDH gathering guidelines?</p>	<p>The current requirements are 250 people in outdoor settings, we will never come close to that.</p>
<p>3. How will you promote hand hygiene practices?</p>	<p>Sharing of equipment will be strongly discouraged. If equipment (bats/racquets/balls) must be shared, hand sanitizing will take place in between uses. Students will maintain a same "pod" of no more than 4 individuals in a throw/catch scenario, so the germs are contained and contact tracing is manageable.</p>
<p>4. Will you require any type of health screening for individuals at your gathering/event/games/clinic?</p>	<p>All athletes and coaches undergo temperature checks and the standard health questionnaire daily prior to practice/games.</p>
<p>5. How will you respond to an individual showing signs/symptoms of illness?</p>	<p>Any individual exhibiting fever or cough will be sent home immediately. Any individual exhibiting two of the following will be sent home immediately: runny nose, sore throat, congestion. Any individuals going home will sit isolated from the rest of the team until same transport is arranged.</p>
<p>6. What type of COVID-19 awareness training will you provide before and/or during your activity?</p>	<p>We have CAA COVID waivers/protocols that are shared with each parent, in addition to these practice rules. They will be emailed and printed for signature.</p>
<p>7. If you have shared use equipment, how will you keep it clean? (bats, balls, tables, chairs, picnic tables, recreation equipment, etc.)</p>	<p>Students are being asked to use their own equipment. No sharing of gloves will be allowed. Balls will be wiped down with sanitizer wipes before and after each practice.</p>
<p>8. How do you plan to keep areas with a high rate of touch clean? (door handles, balls, bats, etc.)</p>	<p>Balls will be wiped down with sanitizer wipes before and after each practice.</p>
<p>9. Are there pinch points at your gathering space (bathrooms, portable toilets, trail) that would make social distancing a challenge? If so, how will you mitigate this?</p>	<p>Students are expected to maintain 6 feet distance at all times, including waiting for line at toilets and/or on trails.</p>

10. a) Will you keep an attendance log or registration form? Yes

---

10. b) How will you store the log forms? (in the event information is needed to inform everyone of an illness reported or contact tracing) Virtually

---

11. How will you communicate safety measures, processes, updates, reminders, etc. to those involved with your gathering? We have CAA COVID waivers/protocols that are shared with each parent, in addition to these practice rules. They will be emailed and printed for signature.

---

12. Additional preparedness strategies applicable to your activity: All Saint John's activities must be in compliance with our own PPRP, linked here: [https://d2y1pz2y630308.cloudfront.net/20845/documents/2020/8/Saint%20Johns%20Re-Opening%20Campus%20Policies%20Booklet\\_8.22%203.pdf](https://d2y1pz2y630308.cloudfront.net/20845/documents/2020/8/Saint%20Johns%20Re-Opening%20Campus%20Policies%20Booklet_8.22%203.pdf)

---

13. a) Do you need additional support from Parks & Rec for your activity? Yes

---

If yes, please describe: unsure ... just regular field maintenance for the ballfield

---

Agreement of Terms I agree.

---

Electronic Signature Agreement I agree.
